Index

This index includes the names and acronyms of the social organisations mentioned in this publication (both within and outside of Chiapas), as well as the key issues they deal with and the populations they work with. Organisations are registered by the English translation of their name, although the complete Spanish name and acronym also appears. Acronyms have been spelled out where possible. The locations of organisations outside of Chiapas (in other states, countries, or regions) appear in parenthesis after the organisation name. The location 'LAC' indicates 'Latin America and the Caribbean'. The numbers in bold refer to the principle entry for each organisation.
